

SHARON R. BOCK  
Clerk & Comptroller  
Palm Beach County

**PeopleSoft Consulting Services Project  
RFQ No. 14-03 Answers to Vendor Questions**

---

**The following Clerk responses to vendor-submitted questions shall clarify  
RFQ No. 14-03 accordingly:**

<b>Date Received</b>	<b>Vendor Question</b>	<b>Clerk Response</b>
1. 06/02/2014	Vendor asked whether all participating vendors for this RFP will get a chance to present questions/clarifications with regard to the RFQ and be invited for an in person or telephonic discussion with your team for a Q&A session?	If a vendor has questions regarding the RFP and related process, please send them to the established email address and answers will be posted for all vendors to view. The Clerk will need to review all the replies received to the RFP prior to making a decision of whether any on-site discussion with the vendors is needed. If it is determined that presentations/demonstrations would assist the Clerk in making a final decision, then an invitation will be extended to those vendors whose replies to the RFQ meet all the minimum requirements.
2. 06/02/2014	Vendor asked whether being a currently registered vendor with the Clerk & Comptroller Palm Beach County supersedes the requirements established for the solicitation for quotation on this RFP?	No – as stated in the RFQ, qualified vendors are limited to Florida State Term Contractors and General Service Administration Schedule 70 Contractors. If you believe you qualify under these limitations please do not hesitate to submit your reply accordingly.
3. 06/05/2014	Can a subcontractor participate on multiple proposal responses from different prime vendors?	Yes - there is no prohibition in the Clerk & Comptroller's policy or statute that would prohibit the primary vendors from each looking to submit their quote using the same contractor. Since only the primary vendor will receive the contract there is no concern of unavailability plus the award is based on the primary contractor proposal.
4. 06/05/2014	What languages have you licensed? (e.g. English, French...)	English.
